Public Health, Ethics, and Equity (Paperback)

By -

Oxford University Press, United Kingdom, 2006. Paperback. Book Condition: New. 230 x 156 mm. Language: English . Brand New Book ***** Print on Demand *****.It is widely recognized that health is influenced by a variety of social, economic and environmental factors, and not just by access to health care. The extensive empirical literature on the social determinants of- and inequalities in- health has yet to be matched by an appreciation of the normative underpinnings of health equity. Health equity expresses a commitment of public health to social justice, which raises a series of ethical issues. Why, if at all, should a concern with health equity be singled out from the pursuit of social justice in general? What is the extent of social- as opposed to individual-responsibility for health? What ethical problems arise in evaluating population health and health inequalities? How sensitive should the pursuit of health equity be to contextual considerations in contrast to universal values? In addressing these important questions, this volume examines the foundations of health equity. With contributions from distinguished philosophers, anthropologists, economists, and public-health specialists, it centres on five major themes: what is health equity?; health equity and its relation to social justice; health inequalities and responsibilities...

Reviews

This publication is wonderful. It really is rally interesting throgh reading period of time. I am just very easily will get a delight of reading a published book.

-- ***Roma Little***

The publication is straightforward in study better to fully grasp. It is definitely simplistic but excitement inside the 50 percent of your publication. It is extremely difficult to leave it before concluding, once you begin to read the book.
