FREEDOM OF THE SOUL: A POST-MODERN UNDERSTANDING OF HINDUISM

DOWNLOAD PDF

Concept Publishing Company Pvt. Ltd., 2002. Hardcover. Book Condition: New. This book claims that in the age of scientific realism, Hinduism is probably the most reasonable faith available to mankind. Hinduism recognises the presence of apparently opposing concepts in mans religious knowledge. But unlike other religions, instead of dogmatically asserting one of the opposites, Hinduism maintains that both are necessary for a complete knowledge of Reality. Thus, both, the one impersonal divine reality Brahman and the personal God Ishwara, the transcendental self Atman and the empirical self Jivatman, freedom and determinism in action or Karma, the eternal and the temporal in the incarnation of God or Avatar, death and the continuing existence of the individual in rebirth, and devotion and atheistic meditations in approaching the divine are necessary for comprehending God as the eternal Truth. This book brings a clear and insightful presentation of the wisdom of Hinduism in all its fundamental principles. Another interesting feature of this book is the inclusion of J. Krishnamurti, who is shown to be carrying forward the spiritual quest of Hinduismthe quest of everlasting freedom from bondage to life in the temporal world. For anyone who is seriously interested in understanding this most ancient and comprehensive religious experience of man, this book is an indispensable introduction. Printed Pages: 146.
