Multiple Intelligences: A Thematic Approach: Upper Primary Book

By -

Prim-Ed Publishing. Paperback. Book Condition: new. BRAND NEW, Multiple Intelligences: A Thematic Approach: Upper Primary Book, Dr Howard Gardner, creator of the theory of multiple intelligences, has made us aware of the different ways people process information and of the importance of this knowledge in our teaching and learning. This comprehensive, photocopiable series and set of posters aims to encourage children to develop competencies across all intelligences. Multiple Intelligences is a photocopiable, three-book series providing teaching and learning opportunities using the eight multiple intelligences, developed by Dr Howard Gardner, through a thematic approach. Each book contains six 22-page units of work, based on popular high-interest topics, with a worksheet and accompanying teachers notes for each of the eight intelligences. Topics covered are: lower primary book: mini-beasts; transport; the sea; community and me; middle primary book: space; water; life cycles; festivals; good health and dinosaurs; and upper primary book: endangered species; disasters; ancient civilisations; environmental issues; sport and personal development. Features: background information on multiple intelligences; assessment proforma for teachers to complete about themselves; assessment proforma for teachers to assess pupils; assessment proforma for pupils to complete about themselves; overview pages providing ideas for topic development and extension in the eight...
