Brand New Book ***** Print on Demand *****.Excerpt from Laundry Manual In presenting this little book to the public, the aim has been to furnish a book the need of which has long been felt by the authors. The course, as treated in this manual, having been used with success in their respective schools for several years, has now been placed in book form, in the hope that it will be an aid to instructors and at the same time be a help to the housewife. The outline of lessons has been added as a suggestion to instructors for presenting the course in twelve lessons of two and a half hours each, to classes of eight students. This outline, together with the arrangement of chapters, has been based upon the assortment of clothes in the introductory chapter. The illustrations have been designed to show clearly the methods of folding garments. The chapter on stains has been arranged in tabulated form to facilitate reference. With a knowledge of chemistry, students will be able to appreciate the reactions employed in the removal of stains. The authors acknowledge with pleasure their indebtedness to Miss Eva J. Phelps, Instructor of English in Boardman Manual Training High School, for corrections in the manuscript; and to Miss L. H. Dayton, Instructor of Wood Carving in Boardman Manual Training High School, for the illustrations which have been drawn especially for this book.
