Expansion of secondary school mathematics mathematical modeling guide books

By SHEN WEN XUAN // YANG QING TAO

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment.Pages Number: 244 Publisher: Harbin Institute of Technology Pub. Date :2008-01-01 version 1. This book is divided into seven chapters. Chapter mathematical model; the meaning of Chapter II of mathematical modeling; Chapter logic of mathematical modeling methods; Chapter mathematical modeling of non-logical way of thinking; chapter mechanism analysis of mathematical modeling methods; Chapter Mathematical modeling of the data analysis methods; Chapter VII of the subject knowledge of mathematical modeling methods. This book can be used as Teachers College of Education. teacher training colleges and state-level mathematics. the backbone of the provincial secondary school mathematics teacher training course materials or teaching reference books. Contents: Chapter 1.1 Mathematical model of the physical model and mathematical model of the model and theoretical model 1.1.1 1.1.2 1.2 Mathematical model of mathematical knowledge and mathematical model-based mathematical model concept 1.2.1 1.2.2 1.2.3 Method based mathematical model of the structure-based mathematics 1.3 Mathematical model of problem-solving and mathematical model 1.3.1 general model of problem-solving ideas to make bright 1.3.2 makes intuitive problem-solving model of clear thinking 1.3.3 makes the model similar to the model of...

Reviews

Complete guideline for publication fans. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- ***Llewellyn Terry***

A whole new eBook with a brand new point of view. It is really simplistic but surprises in the fifty percent of the publication. I am just effortlessly can get a delight of looking at a written ebook.
