The humans tried to flush them out from hiding and there was pandemonium. The chaos was tearing every country apart and many world leaders feared that the world would not last into the next year. With debates that droned on for days, the two races finally came to a decision. At long last the supernaturals would attempt once more to try and openly co-exist with humans.2035. Rayne Nyte has just finished school and is preparing for university. She learns that some people around her may not be who or what they have claimed to be. She also learns that she, too, isn't who or what she had always thought she was. Her once peaceful life is shattered as rivalling factions in the world fight out for the rival of a legend that hasn't been revived for decades. With them chasing after Rayne, there is no hope of there being peace in her life. The story takes an abrupt turn as an organisation appears in order to protect her from her attackers and to help her discover who she really is. Rayne finds out that she is the daughter of the now deceased founders of an independent organisation. She then discovers that someone beside her is a vampire who has been sent to observe her. It isn't until after various attacks made by people who crave for the power that Rayne possesses that he is finally forced to reveal the truth about himself.
