Solve Common Teaching Challenges in Children with Autism : 8 Essential Strategies for Professionals and Parents

By Edited by Lara Delmolino

Woodbine House, 2015. Softcover. Book Condition: New. Even veteran teachers of students with autism sometimes need help to determine why their instructional methods are not getting the desired results. In Solve Common Teaching Challenges in Children with Autism, behavior and education experts describe 8 potential problem areas, and offer teaching strategies to promote successful learning: ? Motivation (appropriate reinforcement) ? Manding (requesting & responding skills) ? Learning-to-Learn (prerequisite skills) ? Prompting (physical guidance, gesturing, verbal instruction) ? Language Environment (comprehension aid or distraction?) ? Learning Opportunities (quality over quantity) ? Individualizing Instruction (meet student's needs) ? Skills & Goals (meaningful & purposeful) Each chapter offers an illustrative case study, a critical examination of why the problem arises, and practical instructional solutions. Additional material within chapters?a table, glossary, checklist, Q & A, chart, or form?helps readers to further assess the issue. Educators, therapists, and parents familiar with ABA methods will feel empowered by this handy guide and reinvigorated to solve their teaching challenges. Lara Delmolino, PhD, BCBA-D, is a Clinical Associate Professor at the Graduate School of Applied and Professional Psychology at Rutgers, the State University of New Jersey. Dr. Delmolino earned her doctorate in Clinical Psychology from the Graduate School,...

Reviews

If you need to adding benefit, a must buy book. I am quite late in start reading this one, but better then never. I am happy to inform you that this is the best book i have read through during my own lifestyle and can be he best publication for at any time.
