Investing in the Stock Market: Winning Approaches, Losing Approaches (Paperback)

By Julien Delagrandanne

Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Why has Warren Buffett become the most famous stock market investors of the twentieth century? Simply because he is one of the few who has known how to implement winning approaches during the course of his life, one after the other. Why do so many individuals who venture into the stock market believe that they are following a winning approach when they are actually implementing a losing approach? Going far beyond these kinds of misconceptions, this book will explain how to effectively invest in the stock market in order to be successful in the long term. The author shall discuss his tried and true methods, but shall also list and explain the reasons why these methods work, and why other methods don t. A highly valuable summary of information. Very few will read this book without taking something away from it. By reading it, you are investing in yourself with the intent of identifying and understanding the winning approach that you will follow during the course of your life. -Eric G. In this book, the selling process is...
